

# WHY TELSTRA MOBILE BROADBAND IS THE RIGHT CHOICE FOR YOUR BUSINESS NEEDS

**The Telstra Next G™ network:**

- Has the largest mobile broadband coverage in Australia, covering 99% of the population.
- Is the fastest national wireless broadband network in Australia.
- Provides dedicated business support from call centres here in Australia.
- Enables you not to worry about roaming charges in Australia.

## BUSINESS NEEDS & USAGE

Your business needs	Usage
'I am occasionally away from the office and need to email, browse or download files. Emails/files that I need to send/receive have some attachments and images.'	Medium - High
'I am occasionally away from the office and need to email, browse or download files. Emails/files that I need to send/receive have attachments and images.'	High
'I need to regularly access email, browse or download files when I am away from the office. Emails/files that I need to access have attachments and images.'	High
'I am away from the office a lot and always need to access email, browse or download files. I send/receive large files, business applications and attachments daily.'	Heavy
'I am away from the office most of the time and I need to send/receive large files, business applications and attachments regularly throughout the day.'	Heavy
